Bangalore

To,
Dr.S.S.C Chakra Rao,
Chairman,
Indian Resuscitation Council Federation

Dear Dr. Chakra Rao,

We are happy to inform you that, The Executive Committee of the Indian College of Cardiology (ICC) met on 8th June 2022 and unanimously resolved to join Indian Resuscitation Council Federation (Regd), to work with them in promoting the Cardiopulmonary Resuscitation and allied sciences of emergency including the Neonatal and Pediatrics resuscitation, Trauma courses and First Aid with a very cost-effective training across India. We are glad IRCF was formed with the societies involved in the Resuscitation. The Indian College of Cardiology is happy to be the part of IRCF in spreading and creating awareness and training CPR and use of AED in India. The Indian College of Cardiology would like to be a member of Taskforce in updating the guidelines time to time. We wish that we all make our efforts to make "Every Citizen A Life Saver".

Azadi Ka Amrit Mahotsav 2022.

Dr. L.Sridhar,
Hon.Secretary
Indian college of cardiology
